

the **KD TOWERS**

thekdtowers.com

Welcome!

Coming out of the old Bar Beach axis like a new wine in an old bottle, The KD Towers introduce a serene but ecstatic lifestyle surrounded by the architectural awe of a new megacity.

This unique development in the new highbrow setting of Lagos Megacity complements other landmark developments like *Eko Atlantic city* and the proposed *Ocean City*.

Its uniqueness stems from the size which makes it a home for select discerning home owners who treasure privacy in a moderate and less expansive estate with a rare double potential for efficient work and comfortable living.

AHMADU BELLO WAY

AKIN ADESOLA STREET

About KD Towers Limited

The KD Towers Ltd is a joint venture between Darycet International Ltd and Kaduna State Property Development Company, with a proposed development on the well appointed location of former Kaduna Liason office at Plot 1232 Bishop Oluwole Street Victoria Island, Lagos.

The development spans an area of 0.896456 hectares with a build up area of 0.7182 hectares, covered by a valid issued Certificate of Occupancy and planning permit. Architects Design Centre are the Project Managers for this development
